

# Athens Township Resident

Dust control application is scheduled for August 14, 2023 on this dirt road.

Midland Asphalt Materials Inc. of Bloomsburg PA is the Contractor.

The dust control material will be applied during the daytime hours for this application starting after 9 am and continuing until completed. This application on the roadway is near the front of the occupied residence if located within 150 feet from the roadway. The water- borne emulsion material normally takes 30- 45 minutes to cure, depending on weather conditions. We ask that you notify all drivers in the household of this application and allow the material to dry before driving on it.

Generally, the truck spraying the emulsion will be on Weaver Road, Beaver Pond, Braddock Road, Murray Creek Road, MacAfee Road, Murphy Road, Alley Hoot, Sunnyfield Road, Chamberlain Road, Bluebird Road, Orcutt Creek Road.

In the event of non- applicable weather conditions, it will likely be applied the following day.

If you should have any questions, feel free to contact the office at 570.888.2325, or my cell phone at 570.890.1981.

Chuck Wright,

Director of Public Works

Athens Township
